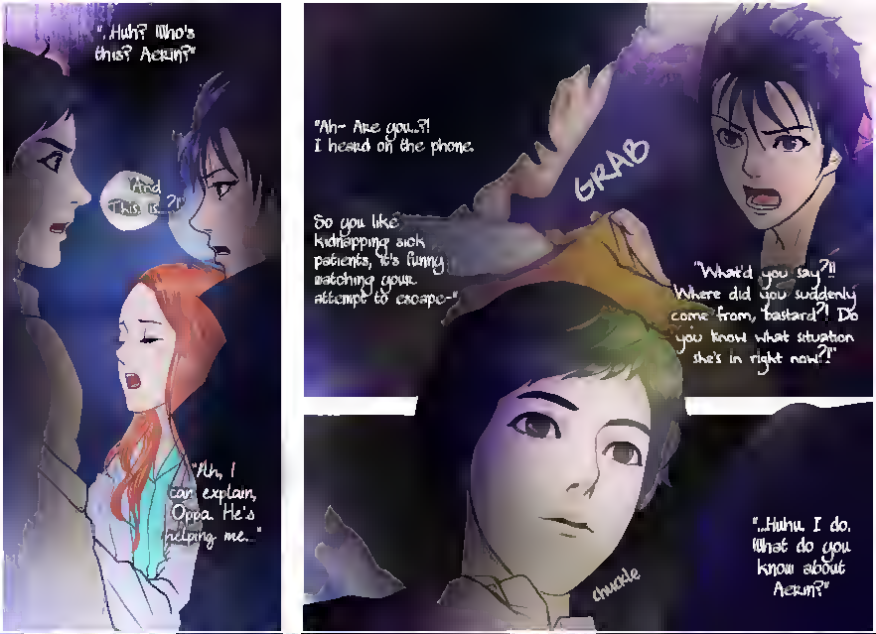
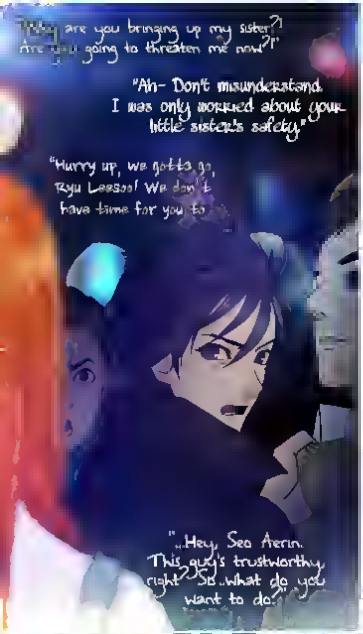
"Who are you..?"
"Aeun, it's me, Hey! Don't recognize me?"
"Huh? That voice. Is that Jeheom Oppa?!"
"You remember!! I've really missed you. Think about how scared I was when I heard..!"
"Mm. Sorry for concerning you. When did you get back? From studying abroad?"
"I came back not to long ago."
"What the hell do you think you're doing? Your house is looking for you, you should've called- Everyone's concerned about your whereabouts!"
"Come on, let's head back."
"Well, I can't go right now."
"...Hey, what do you think you're doing?!"



"..Huh? Who's this? Aeun?"
Mind. This is...?!
"Ah, I can explain, Oppa. He's helping me."
"Ah~ Are you..?! I heard on the phone.
So you like kidnapping sick patients, it's funny watching your attempt to escape~"
GRAB
"What'd you say?!! Where did you suddenly come from, bastard?! Do you know what situation she's in right now?!"
chuckle
"...Huhu. I do. What do you know about Aeun?"

"I've known Aerin for a long time. Right now, Aerin is suffering from an illness from an accident that you wouldn't be familiar with.
Not only are her eyes injured, she needs psychological treatment.
Do you understand what I'm saying?"
".. What.."
"I see you want to pretend play being chivalrous like Don Quixote. It's not a place for a 3rd party to butt in.
Anyway, it doesn't look like you can afford to do anything."
"Ah, Ryu Leess! Hurry isn't your little sister in the hospital? We don't know what your father might do!!"
"Huh? Your little sister's sick? What a coincidence. I happened to know a lot of people who work in the hospital. How about it? I think I can help your sister. Huhu."
"What?! You bastard! What are you saying?!"

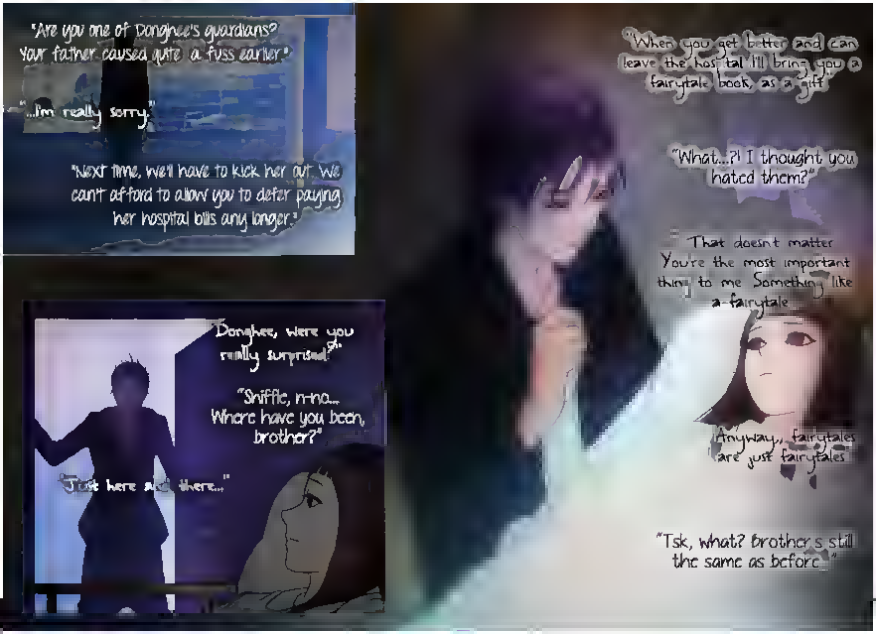


"Why are you bringing up my sister?! Are you going to threaten me now?!"
"Ah- Don't misunderstand. I was only worried about your little sister's safety."
"Hurry up, we gotta go, Ryu Leeson! We don't have time for you to
"...Hey, Seo Aerin. This guy's trustworthy, right? So...what do you want to do?"

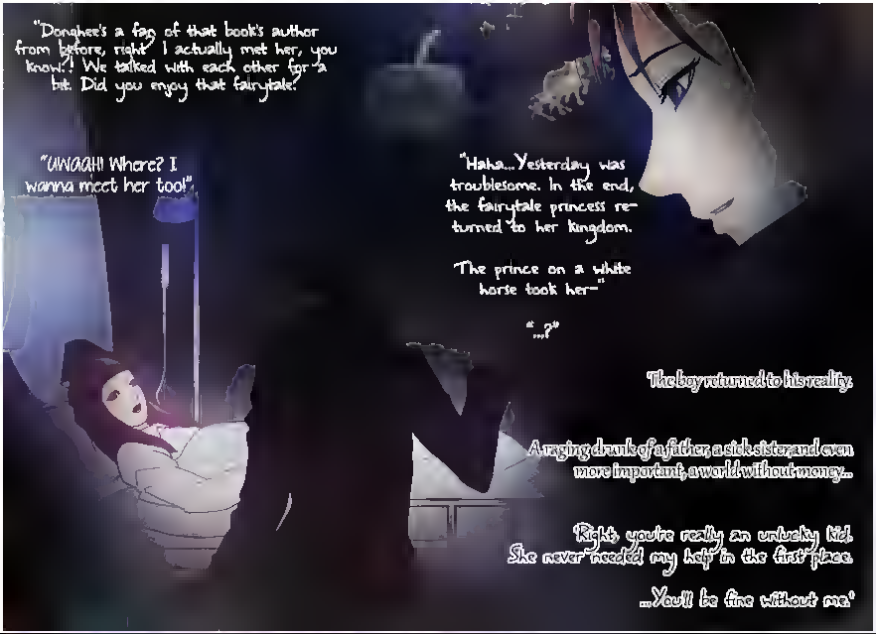
.....

"Thanks for helping me so many times."
...I'll be fine."
...!!

After everything ended, the boy arrived at the hospital.
At this place, reality was waiting for him.
"Leeseo, you came. Go get Donghee! She doesn't need to be in the hospital! Anyway, car accidents kill & diseases kill! Everybody is gonna die sometime!!"
"Why's the hospital bill so expensive?! Huh?! This is highway robbery-! I won't give them my money, not even a penny!!"
"If those people come back, I'll kick them out!!!"
"Hey! Are you ignoring me?! You think since I can't hit you, you can ignore me? Huh? Not gonna stop?!"
Ignoring his drunken father, the boy headed to his little sister's room.



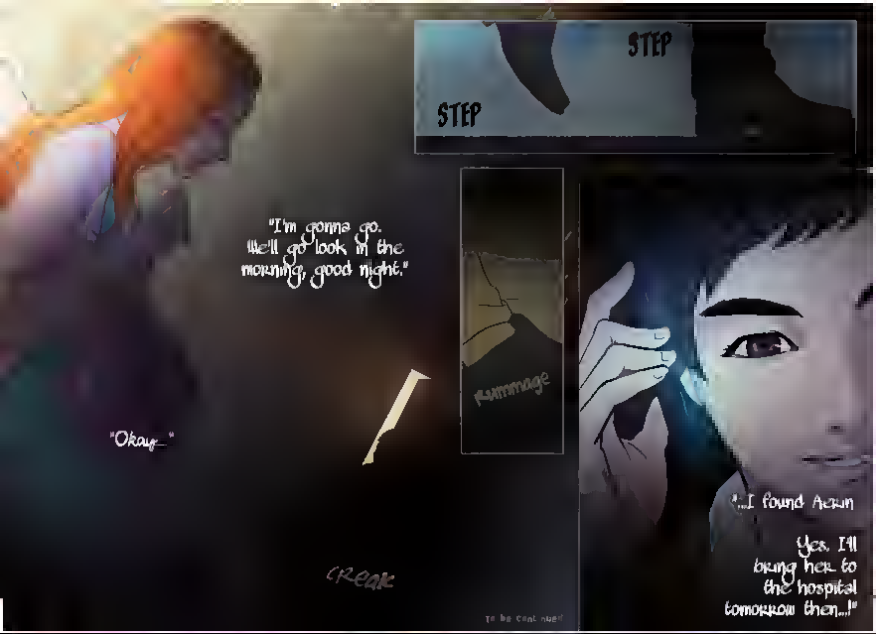
"Are you one of Donghee's guardians? Your father caused quite a fuss earlier."
"...I'm really sorry."
"Next time, we'll have to kick her out. We can't afford to allow you to defer paying her hospital bills any longer."
Donghee, were you really surprised?
"Sniffle, n-na... Where have you been, brother?"
"Just here and there..."
"When you get better and can leave the hospital I'll bring you a fairytale book, as a gift."
"What...?! I thought you hated them?"
That doesn't matter You're the most important thing to me Something like a fairytale
Anyway, fairytales are just fairytales
"Tsk, what? Brother's still the same as before."



"Donghee's a fag of that book's author from before, right? I actually met her, you know?! We talked with each other for a bit. Did you enjoy that fairytale?"
"UWAAH! Where? I wanna meet her too!"
"Haha... Yesterday was troublesome. In the end, the fairytale princess returned to her kingdom.
The prince on a white horse took her—"
"...?"
The boy returned to his reality.
A raging drunk of a father, a sick sister, and even more important, a world without money...
"Right, you're really an unlucky kid. She never needed my help in the first place.
...You'll be fine without me."

"Aerin. You don't want to go home for the time being, right?
"... ..."
"Fine. You want to keep your secret to yourself, let's go to your grandmother's."
"Wow- This reminds me to the old days. We used to always go to your grandmother's house to play after school, right?"
"...Yeah. That's right..."
Sitting in the car silently, the girl couldn't help but think about the boy.
Although she didn't know how he looked like and he had a cold way of speaking, the hand he always held out in every moment of crisis was very clear amongst the darkness.
Yes, this is good. Seo Aerin. You'll no longer cause him trouble anymore.

Your grandmother left her emergency key in the same place-"
Wow! Her house hasn't changed one bit!
It reminds me of the old-"
Don't be disheartened Don't worry, I'll help you."
You want to regain something you lost, right?
When I was in America, I studied hypnotherapy and medical psychology so I could help you. When I heard what happened to you."
Today, let's rest. We'll talk tomorrow
"Aerin, I've missed you so much."
"....!"



STEP
STEP
"I'm gonna go.
We'll go look in the
morning, good night."
"Okay..."
creak
rummage
"...I found Asuna
Yes, I'll
bring her to
the hospital
tomorrow then..."
